Summary: The Supervision of Trustees and Fundraisers for Charitable Purposes Act governs charitable corporations, unincorporated associations, trustees, commercial fundraisers, fundraising counsel, commercial coventurers, and other legal entities holding or soliciting property for charitable purposes over which the state or the Attorney General has enforcement and supervisory powers. The act

requires certain entities to register with and to file specified items with the Attorney General's Registry of Charitable Trusts. Additionally, the act requires registration forms and written reports to be filed with the Attorney General under oath, in accordance with rules and regulations. Under the act, any person who violates any of the act's provisions with intent to deceive or defraud any charity or individual is liable for a specified civil penalty. The act also authorizes the Attorney General to impose other specified civil penalties for related acts and omissions. This bill, beginning January 1, 2023, would establish that charitable fundraising platforms and platform charities are trustees for charitable purposes subject to the Attorney General's supervision. The bill would define 'charitable fundraising platform' to mean certain legal entities that use the internet to provide a website, service, or other platform to persons in this state, and perform, permit, or otherwise enable certain acts of solicitation to occur.

Current law requires a proposed new or remodeled food facility to meet specified structural and other building requirements, but specifies that existing private school cafeterias and licensed health care facilities presumptively meet these requirements. Current law limits the use of an outdoor wood-burning oven to the same premises as a permanent food facility. Under existing law, a remote food service operation located within a fully enclosed permanent food facility is not a satellite food service. Current law exempts mobile food facilities from specified requirements, including the provision of clean toilet rooms for use by employees. Existing law requires a cottage food operation to label prepackaged foods with a notice that it was made or repackaged in a home kitchen. This bill would define "limited food preparation" to

include holding, portioning, and dispensing foods prepared by a catering operation.
