**(Leyva D) Occupational safety and health: regulations.**

**OPPOSE/WIN**

**Summary:** Current law generally requires the adoption, amendment, or repeal of standards and orders by the Occupational Safety and Health Standards Board to comply with the rulemaking provisions of the Administrative Procedure Act (APA), but exempts from provisions of the APA relating to public participation and review of proposed regulations a standard or amendment to any standard adopted by the standards board that is substantially the same as a federal standard, including existing APA requirements, for a proposed nonmajor regulation, to prepare a prescribed economic impact assessment and, for a proposed major regulation, to prepare a standardized regulatory impact analysis in a manner prescribed by the Department of Finance. This bill would exempt any occupational safety and health standard and order from the standardized regulatory impact analysis requirement.

**(Dodd D) Street light poles, traffic signal poles: small wireless facilities attachments.**

**SUPPORT/WIN**

**Summary:** Would prohibit a local government or local publicly owned electric utility from unreasonably denying the leasing or licensing of its street light poles or traffic signal poles to communications service providers for the purpose of placing small wireless facilities on those poles. The bill would require that street light poles and traffic signal poles be made available for the placement of small wireless facilities under fair, reasonable, and nondiscriminatory fees, as provided. The bill would authorize a local government or local publicly owned electric utility to condition access to its street light poles or traffic signal poles on reasonable terms and conditions, including reasonable aesthetic and safety standards.

**(Gonzalez D) Workplace safety: violations of statutes: enterprise-wide violations: egregious violations.**

**OPPOSE/LOSS**

**Summary:** Current law requires the Division of Occupational Safety and Health to issue a citation for a violation of provisions relating to the spraying of asbestos, or any standard, rule, order, or regulation established pursuant to specified provisions of the California Occupational Safety and Health Act of 1973 if, upon inspection or investigation, the division believes that an employer has committed a violation. Current law imposes penalties of certain maximum amounts depending on whether the violation is serious, uncorrected, or willful or repeated. Current law authorizes the division to seek an injunction restraining certain uses or operations of employment that constitute a serious menace to the lives or safety of persons, as specified. This bill would create a rebuttable presumption that a violation committed by an employer that has multiple worksites is enterprise-wide if the employer has a written policy or procedure that violates these provisions, except as specified, or the division has evidence of a pattern or practice of the same violation committed by that employer involving more than one of the employer's worksites. The bill would authorize the division to issue an enterprise-wide citation requiring enterprise-wide abatement if the employer fails to rebut such a presumption.

**(Wieckowski D) Synthetic food dyes.**

**OPPOSE/WIN**

**Summary:** Would establish the Reducing Exposure to Synthetic Food Dyes Act, which would make it a crime for a person to manufacture, package, sell, offer to sell, distribute, or import for sale or distribution within the State of California food that contains synthetic dyes without a prescribed label, either on the package or on the shelf or bin where the food is displayed for bulk foods. The bill would require prescribed language to be included on the menu or menu board of a restaurant when a dish includes synthetic food dyes. By creating a new crime, this bill would impose a state-mandated local program.

**(Leyva D) Labor-related liabilities: direct contractor.**

**OPPOSE/LOSS**

**Summary:** Current law requires, for contracts entered into on or after January 1, 2018, a direct contractor, as defined, making or taking a contract in the state for the erection, construction, alteration, or repair of a building, structure, or other private work, to assume, and be liable for, any debt owed to a wage claimant or third party on the wage claimant's behalf, incurred by a subcontractor at any tier acting under, by, or for the direct contractor for the wage claimant's performance of labor included in the subject of the original contract. Current law limits the direct contractor's liability under those provisions to extend only to any unpaid wage, fringe or other benefit payment or contribution, including interest owed and provides that liability does not extend to penalties or liquidated damages. This bill would extend, for contracts entered into on or after January 1, 2022, the direct contractor's liability to penalties, liquidated damages, and interest owed by the subcontractor on account of the performance of the labor, except as provided.
